**BODYSAFE**

The wax/bitumen based corrosion preventative compound with strong antiwear properties will protect the underbody of your vehicle for a long period against stone chipping and abrasion from loose particles on the roads. Cures to a relatively firm, amber/brown, resilient, tough film. Avoid contact with PVC.

- Underbody of:
- > Car
  - > Trailer
  - > Caravan
  - > Wheel arches

Bodysafe Wax (with attachment)		VE20100					
Bodysafe				VE20050	VE20035	VE20040	

**ML AND 550 ML**

Ideal for the protection of hollow sections in automobiles. Tectyl ML available with an attachment containing a special nozzle set for difficult-to-apply areas. Tectyl ML is a wax-based corrosion preventative compound with strong penetrating and water displacing properties. Ideal for hard to reach areas and small hollow sections. Cures to a soft, waxy, translucent, amber coloured film.

- Hollow sections, like:
- > Door panels, side sills and frames
- But also:
- > Door hinges, piping, flanges and welding connections

**ML GREENLINE**

The green solution for corrosion protection. The wax-based corrosion preventative compound is a very low solvent product, which results in a very efficient coating and generates no smell. Tectyl ML Greenline has strong penetrating and water displacing properties, which makes it ideal for hard to reach areas and small hollow sections. Cures to a soft, waxy, translucent, amber coloured film.

**190 BLACK & 190 GREY**

Ideal protection against abrasive damage to prevent corrosion. Tectyl 190 is fast drying and can be painted over. The product cures to a firm, resilient and tough film.

- Underbody of:
- > Cars
  - > Trucks
  - > Campers and caravans
  - > Trailers

<p><b>MULTI PURPOSE 506</b></p> <p>As a general purpose corrosion inhibitor, Tectyl Multi Purpose 506 cannot be beaten. A powerful water displacing compound, it is suitable for a wide range of applications. Tectyl Multi Purpose 506 cures to an amber colored, waxy, firm film. Tectyl Multi Purpose 506 is based on the wellknown Tectyl 506.</p> <p><b>MULTI PURPOSE CLEAR</b></p> <p>The combination of a waterbased, transparent and flexible corrosion preventative coating is unique. Tectyl Multi Purpose Clear offers permanent protection of metal parts in an industry environment. Tectyl Multi Purpose Clear offers the possibility for visual inspection, but is also overpaintable with many top coat systems. It can be applied direct to metal and remains flexible for a wide variety of applications. Tectyl Multi Purpose Clear dries to a transparent, hard, flexible layer.</p> <p>* Languages v1: GB, NL, FR, DE                      ** Languages v2: GB, DK, NO, FI, SE, PL, RU</p>	<ul style="list-style-type: none"> <li>&gt; Vehicle rust proofing</li> <li>&gt; Protection of machinery</li> <li>&gt; Parts in inside or outside storage</li> <li>&gt; As a service part for Tectyl 506 in pails and drums.</li> </ul>	Multi Purpose 506 (v1)*	VE20086

<p><b>GLASHELDER KLAR</b></p> <p>Tectyl Glashelder/Klar is a resin-based, colorless, corrosion preventive compound. It also is an excellent, nonconductive, moisture repellent when used on electrical wiring Tectyl Glashelder/Klar cures to a hard transparent film.</p>	<ul style="list-style-type: none"> <li>&gt; Gardening tools</li> <li>&gt; Household</li> <li>&gt; Automotive</li> <li>&gt; Marine and industrial tools.</li> <li>&gt; Electrical wiring (for example in motor vehicles).</li> </ul>	Glashelder Klar	VE20055				
--	---	-----------------	---------	--	--	--	--

<p><b>AMBER</b></p> <p>When parts need to hold firmly, but also must unfasten easily Tectyl Amber is the best choice. With its strong water displacing properties, excellent penetration and corrosion protection, Tectyl Amber keeps rust and water out. Tectyl Amber cures to a waxy, semi-firm, amber colored, translucent film.</p>	<ul style="list-style-type: none"> <li>&gt; Wheel hubs</li> <li>&gt; Bolts, nuts and in the center a wheel rim.</li> <li>&gt; Corrosion and "non-removable wheels" can be avoided.</li> <li>&gt; Ideal when switching from winter to summer tires and vice versa.</li> </ul>	Amber	VE20020
